Without sounds, our school is just a shell . . . a handsome building with modern equipment and attractive furnishings . . .

a structure without life or character. But with the early morning ringing of bells, slamming of locker doors, and shuffling of feet, the school revives as from a deep sleep and becomes a friendly being . . . real, vibrant,

and alive. Such sounds as banging hammers and screeching power saws from the shop, faint strains of music from the band room, and incessant chattering in the halls give our school a definite personality.

Sounds enhance meaning; they add character to everything; because of this, they are an integral part of our school. Being always present, they sometimes go unnoticed and unheard. So, in the pages that follow, we are presenting a record of the school year as

FIRST CALUMET CONFERENCE FOOTBALL-O-RAMA was held at Gilroy Stadium in Gary on September 8, 1959. Four games were played by the eight conference teams, each game lasting two quarters. In our game, Dyer blanked River Forest, 13-0. Three queen candidates were nominated by each of the represented schools, the one selling the most tickets winning the title of queen of her school. Dyer's candidates were senior Pat Herman, junior Sandi Greenwell, and sophomore Carol Hilbrich, with Sandi (left) winning the crown.

## *at Homecoming Rally*

HOMECOMING IS THE TIME WHEN GRADUATES RETURN to revive their school loyalty. The Homecoming festivities consist of a rally, complete with floats and bonfire, a football game, and the Homecoming dance following the game. King and Queen candidates are selected from each class, and the Homecoming King and Queen are chosen on the basis of money collected by each class for the Lettermen's jackets. Dyer has won every Homecoming game since 1956, when the rallies began. Dyer won this year's game with their arch-rival, Griffith, by a score of 13-6.

NINETEEN HOMEROOM FLOATS made up a lengthy parade which wound through Dyer, ending on the football field. Top honors, based on originality and beauty, were given to Mr. Milby's senior float, *Mangle Music* (first place), Mr. Mygrants' sophomore float, *Rocket on to Victory* (Second place), and Mrs. Riggs' freshman float, *Around the Panthers in 80 Plays* (third place). Grizzly panthers and joyous Indians covered the animated senior float, which was adorned by a gigantic rotating record player issuing "Mangle Music"

ENTERING THE ECHO-SPONSORED DANCE after the Wheatfield game, Carol Moisoff has her hand stamped by Andy Hlebasko while Jerry Hilbrich and Marty Grove collect money.

Shirley Burbage, Dick Sambrooks, Sandy Ramsey, Herman Matlock, Bill Schiffbauer, Mr. Jordan, and Dwight Noble.

MR. JORDAN'S DANCE BAND has been enthusiastically received by Dyer Central's students. The group has played for several dances, including the Echo Dance (pictured

above), Homecoming Dance, Sunshine formal, S.S.S. Installation, and various out-of-school activities.

*Academic Program*

Since students go to school primarily to learn, the most important part of any school is its academic program. Silence prevails in the classroom as voices are hushed and laughter is stifled. However, when walking through the halls, one can hear the hum of sewing machines, the muffled voices of teachers lecturing, the one-two count of calisthenics, and all the other stimulating sounds which indicate that students are devoting their time to study.

## Essential Cogs in . .

DON MORIARTY, the trustee of St. John Township, has done much to aid the betterment of our school and community. Through his diligent efforts and hard work, our beautiful new school has been completed. Soon going into his sixth year as trustee, he continues to discharge his duties with willingness and efficiency. Few men could have done the excellent job that Mr. Moriarty has accomplished for his community.

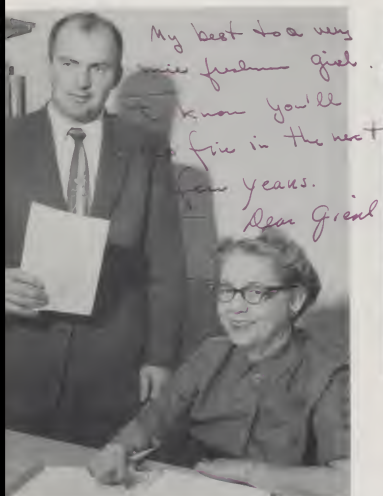

*Fred Jones*

GEORGE BIBICH is the popular supervising principal. Purchasing of supplies, maintenance of equipment, hiring of teachers, and establishment of broad school policies are a few of his many duties. FRED JONES, in his three years as principal, has done much to give our school the high rating it holds and has made it a better place in which to acquire a good education. The course of study has been broadened, the academic standard raised, the DRESS RIGHT program introduced, and general school spirit and morale substantially improved.

## ... Machinery of Education

DOROTHY AINSLEY and WILBUR F. GIERL are the deans of girls and boys. In addition to counseling students and administering the testing program, Mrs. Ainsley teaches senior English and sponsors the Echo, the Senior Drama Club, and the National Honor Society. Mr. Gierl teaches the accelerated classes in algebra and geometry. Both are members of the Faculty Review Board which considers students' applications for re-admission to the school.

PAULINE RONJAK (county nurse) visits many schools in this area as a public nurse. MARY LYONS (school nurse) is assigned to grade schools Kolling and Kahler, as well as the high school. Not only do they give students first aid when necessary, but they also carry out the school health program which includes tuberculin testing, vaccinations, and testing of both vision and hearing.

LELA HOWELL and KAY TRAPP are the secretary and treasurer of the school. Mrs. Howell combines many jobs under one title, including receiving visitors, keeping all records and reports of the school, training office assistants, and issuing classroom supplies to teachers. She also announces all the school news over the public address system. Mrs. Trapp handles the complex financial end of the school, receiving and disbursing all school money.

## Ageless Studies . .

CARL W. YATES, B.S., civics, geography, sociology, assistant football coach. ROBERT MYGRANTS, B.S., United States history, sponsor of boys' intramural program. GLENN EBERLY, B.S., world history, baseball coach, sponsor of Lettermen's Club and junior class.

LOUIS IACONETTI, B.A., M.A., Latin, drama, speech, golf coach, sponsor of Latin Club. RUTH PIERCE, A.B., M.S., Spanish, English, sponsor of Comet and Spanish Club.

ROSCOE PROTSMAN, Ph.B., sophomore English, director of visual aid department, supervisor of incoming and outgoing buses. MARILEE THANHOLDT, B.A., freshman English. JANET CRISCO, A.B., junior English, Spanish, sponsor of Future Teachers of America. BARBARA FOSS, B.S., freshman, junior, and senior English.

## ... Receive New Emphasis

KATHY ARBUCKLE, B.S., M. A.T., librarian, sponsor of Pep Club, cheerleaders, and senior class.

KERMIT KERNS, B.S., physics, general math, athletic director, sponsor of sophomore class and Science Club. HARVEY UNDERWOOD, B.S., biology and physical science, sponsor of Science Club and freshman class.

ALBERT LAWSON, B.S., geometry, general math, baseball coach, sponsor of senior class and Sportsmen's Club. JEAN WEASE, B.S., chemistry, algebra, sponsor of junior class.

## Many Skills Taught by . .

BUREN HOOPER, B.S., general business, bookkeeping, business law, basketball coach. BEULAH HUSTED, B.S., M.B.A., bookkeeping, office machines, sponsor of Sunshine Society and Commercial Club. JANET ROGERS, B.S., typing, shorthand.

LENORA SMITH, A.B., art, sponsor of Art Club. DOUGLAS JORDAN, B.M., music, band, sponsor of majorettes, Sportsmen's Club, and girls' chorus group.

JESSIE GRAEBER, B.S., home economics, sponsor of Home Economics Club. RUTH HOFFMAN, A.B., home economics, manager of school cafeteria.

## *... Highly Trained Specialists*

MARY RIGGS, B.S., health, physical education, sponsor of Girls' Athletic Association, girls' intramural program, and Dance Club. TOM STOKES, B.S., health, physical education, driver training, football coach.

PAUL HAYES, B.S., health, physical education, driver training, football, track, and gymnastics coach, sponsor of Dance Club.

LESTER EGGERS, B.S., M.S., machine shop, wood shop sponsor of Industrial Arts Club. JOHN LINLEY, B.S., industrial arts, mechanical drawing, sponsor of Industrial Arts Club and Student Council. LESLIE E. MILBY, B.S., metal shop, sponsor of Industrial Arts Club.

## *Language - Old and New*

PRESENT DAY STUDENTS OF LATIN re-create the past by making small models of Roman temples, chariots, and ships, and by painting murals showing scenes from Rome's history. Here Richard Shubert is showing the class a Roman warship made by Mike Chermak.

SEEING MAY BE BELIEVING, but it is also a way of learning how to understand and interpret symbols used to mark the pronunciation of words. Vocabulary study is a basis part of the English course in all grades. Al Wilcher and Mike Chermak study the chart in the junior English classroom.

SONGS, CUSTOMS, AND TRADITIONS OF OLD SPAIN enliven classroom study of Spanish. First year students look forward every year to the making of the Christmas pinata. Pictured here is Judy Darnell making a report on one of our Latin-American neighbors.

## Basic Studies Still Important

TEXTBOOK HISTORY WOULD LOSE much of its significance if it were not related to national and international affairs. The bulletin board in Mr. Mygrants' classroom is a focal point of interest for the U.S. history students, and in the picture the comments being made by Larry Hammond are being listened to attentively by Arlene Hamot and Dean Hardesty.

INSCRIBING A CIRCLE within a prescribed triangle may seem difficult to anyone not in Mr. Lawson's geometry class, but Bob Apple is telling Diane Stephen, "If line CB is tangent to circle O at point H. . . .", and she seems to be following the explanation with understanding.

## World Affairs Emphasize . .

NEW EMPHASIS ON SCIENCE has resulted in larger enrollment in the science department and greater variation in courses offered. Dyer Central High School is keeping pace with the times in preparing graduates to take their places in the scientific world of today.

STUDYING STRUCTURE AND CHARACTERISTICS of animals is a favorite part of the biology course. During the year students bring in many specimens including hamsters, salamanders, frogs, fish, hawks, and bats. Mr. Underwood is demonstrating the wing spread of the bat as he talks about its nocturnal activities.

JIM RIESE, FRANK PEPKOWSKI, MIKE DELINCK, AND BILL WADDINGTON watch the amusing antics of hamsters which have been brought to physical science class by students.

## *... Importance of Science*

EXPERIMENTS PERFORMED IN CHEMISTRY CLASS include making oxygen and hydrogen, producing crystals, comparing acids and bases, and bending glass tubes as Paul Grummer and Frank Keilman are doing in this picture.

PRINCIPLE OF THE LEVER, effect of friction and acceleration on falling bodies, and mechanical advantage of the inclined plane are part of the physics course of study. Rae Marie Anderson, Sherry Keilman, Jackie Shofroth, and Earl Ciaglia watch intently as Mr. Kerns demonstrates an inclined plane.

## Classes Teach Homemaking . .

PREPARING FOOD BUDGETS, planning and cooking meals, and learning the etiquette of serving are included in the freshman home economics course. Georgia Brietzke and Jo Ann Sizemore put the finishing touches on a layer cake while Janet Grafton and Carole Horner admire their cupcakes.

IN THE KITCHEN OF HIS APARTMENT, Principal Jones is both teacher and pupil in his exclusive home economics course.

IN THE FIRST YEAR SEWING CLASS, Carol Schutz and Rose Stage finish their aprons while Judy Peck starts her skirt. During the first semester, students must complete a blouse, an apron, a skirt, and something of their own choosing.

## ... and Occupational Skills

**MECHANICAL DRAWING TAKES CONCENTRATION AND EXACTNESS** and is recommended to boys wishing to become architects, engineers, or designers. The boys are taught the basic steps in making architectural drawings, drawing blueprints, and lettering. Bob Svast finds that it takes time and effort to make a precision drawing.

**ALTHOUGH AN INTERESTING AND RESULT-PRODUCING CLASS**, one must be careful when working with all the machines and tools in metal shop. Many small projects are done by the freshman and sophomore boys, such as hammers, vices, punches, and depth and surface gauges. The upper classmen work on more complex projects - for example, couch and chair frames, and wrought iron furniture. Mr. Milby also includes a small course on welding in metal shop. Here, he is explaining to Tom Schafer, Bill Parsons, and Mike Krager how to operate a lathe.

**WOOD SHOP PREPARES BOYS** FOR becoming carpenters, cabinetmakers, and furniture designers. In this shop class Larry Wilson, Jim Bauske, Charles Clavier, Tom Johnson, Dale Mobley, Bob Croasariol and Ed Koch are all working on their projects.

## *Sore Muscles and Body Fatigue . .*

ROPE SCALING IS NOT NEARLY AS EASY as it looks. Blistered hands and rope-burned legs are easily come by, and while Rich Snearly and Ray Stout go up, up, up, other boys watch and wait their turn with trepidation.

BOYS' PHYSICAL EDUCATION CLASSES place emphasis on muscular development and co-ordination. In addition to group games such as basketball, volleyball, and touch ball,

the boys do calisthenics, work on gym apparatus, and have a try at tumbling. The boys on the mat here in Mr. Hayes' class are Joe Lucas, Bob Burish, and Bob Bracken.

## *... First Steps Toward Physical Fitness*

FRESHMAN GIRLS IN PHYSICAL EDUCATION CLASSES develop physical skills through calisthenics, tumbling, square and folk dancing, and individual as well as team games. In the game of cage ball, shown above, Mrs. Riggs watches while two teams of four

girls each try to keep the ball out of their own territory. From left to right are: Brenda Stamper, Cynthia Breitzke, Sandy Hill, Donna Parris, Pat Albright, Diane Pawlowski, Jan Culver, and Alice Malsch.

NORMALLY, THE GIRLS' SHOWER ROOM is off limits for the year-book photographer, but with Mrs. Riggs' co-operation this unexpected shot was managed. Instead of being panicked, Roberta Hankins, Jo Ellen Todd, Alice Dust, Sharon Mc Farland, and Marilyn Wright seem to be enjoying the experience.

*W n e r i -*

ABILITY TO OPERATE AN OFFICE MACHINE efficiently and quickly is an important asset in the business world. Types of machines used in the commercial department of Dyer Central are comptometers, calculators, ten-key adding machines, full-board adding machines, electric typewriters, and dictaphones.

GOOD SHORTHAND IS THE TRADEMARK OF A GOOD SECRETARY, but it must be learned through hard work, determination and practice. A girl in her first year of shorthand learns the symbols and takes simple dictation. She practices taking dictation and transcribing her notes in her second year, and must be able to take 80-120 words per minute in order to pass the course.

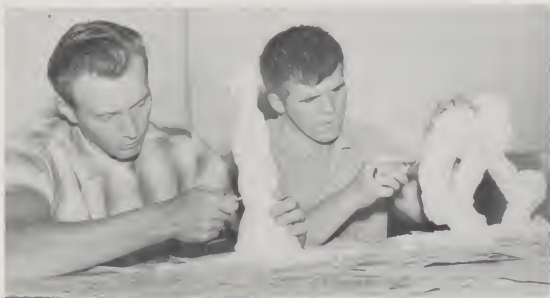

## Imagination Abets Creation

*do a great rich  
Pot Gibson*

TOM PATTERSON WILL EVENTUALLY GET SOMETHING BETTER THAN MESSY HANDS when he finishes this project in art class. He is working on a piece of pottery which will be dried and then painted. Art students need imagination and ingenuity to complete their projects and to pass the course.

ABSTRACT SCULPTURING USING WIRE AND PLASTER CONSTRUCTION is part of the second year art course. Ken Tatge and Louis Greer are shown as they fashion their free forms. Other phases of the course are (1) traditional and new trends in painting techniques, (2) mosaic pictures, trays, and table tops, and (3) pottery construction, ceramic decoration, and use of potter's wheel.

Many of the more dynamic sounds of our school come from the stimulating extra-curricular organizations which create interest and enthusiasm. The clear voice of a student council member addressing the chairman, the sound of the gavel opening a National Honor Society meeting, the rat-tat-tat of typewriters in the journalism classes, the faint strains of the band practicing warm-up scales, and the roar of laughter and applause for the drama club skit are a few of these sounds. As no successful school is all work and no play, and as our extracurricular activities are a very important part of our school lives . . .

# *Dyer Central Sounds Off Through Its Sports*

In this modern world, health and vitality are considered almost essential in the making of a well-rounded student. Our sports program not only promotes these qualities, but also encourages teamwork and good sportsmanship. The shrill whistle of the referee, the screams of the crowds, the pop of leather as our team charges into the line of an opponent, the barbs of the quarterback as he calls the jump numbers, and the chatter of the baseball team during an important game all offer proof that sports bring to mind sound as well as action.

## Indians Place . . .

Under the guidance of their new coach, single-wing advocate Tom Stokes, the Dyer Central Indians made a fine record. The boys started the season with only a few returning lettermen, but they progressed steadily and molded themselves into a sturdy unit. The Indians finished the season 6-4 by winning the last 5 games and finished 5-2 in the conference, which was good for second place.

In the opening game the boys lost to Highland 25 to 7. They won the next game by out-fighting Portage 18 to 13, with Bill Crowley scoring two touchdowns. The Indians then lost 3 straight games, to Merrillville 18-0, Gary Edison 20-19, and Thornton Fractional South 19-6. The next game was all Dyer, 38-13 over Gary Wirt. Then came Homecoming, and the fired-up Indians beat archrival Griffith

Dyer Central Junior Varsity improved over last year's record, winning their first game in two years by defeating East Gary in the last game of the season. The young Indians held Merrillville to a tie. Although playing hard hot games, the Indians were downed by Gary Wirt, Gary Edison, Lowell and River Forest for a 1-4-1 season.

Coach Hayes

For the first time in Dyer football history a freshman team was formed. The team ended with a .500 season by defeating T.F. South, Gary Edison, and Calumet Township, then dropping the next three games in a row to Froebel, Lowell and Clark.

Varsity Manager Terry Hlebasko demonstrates to Bob Bracken and Dave Birchall use of medical kit.

## Cagers On Review

STANDING: Jim Campbell, Doyne Cole, Al Yelich, Jim Jones, Terry Lane, Mr. Jones, Coach Hooper, and John Render.

KNEELING: Oz Kilander, Steve Arndt, Jerry Hilbrich, and Butch Higgins.

Although short in stature, our basketball team was long on hustle and determination.

The Indians started the season with three hard fought victories over much taller opponents. The boys won only one game (68 to 50 over Crown Point) out of the next four and seemed to hit a mid-season slump. The team ended the season with a 7 and 12 record.

Jim Campbell, a junior guard, was the team's leading scorer with 182 points for 16 games, and an 11.4. point average.

Coaches Smith and Niemeyer

Under the guidance of their new coaches (Jerry Niemeyer and James Smith) the junior varsity and freshman teams showed great promise for the future. Using the fast moving attack of Coach Niemeyer, the 'B' team finished the season with a respectable 10-7 record.

The freshman team, with Coach Smith at its helm, finished the season with a 9-14 record.

With the experience that these boys have attained, Dyer Central can look forward to a successful basketball season next year.

STANDING: John Render, Ted Cooke, Bill Parsons, Bob Wells, Andy Hlebasko, Frank Keilman, Butch Higgins, and Terry Hlebasko.

KNEELING: Mitchell Rhoads, Oz Kilander, Dave Allen, Chuck Thomas, Jim Campbell, and Steve Arndt.

## *Indians Capture '59 Conference*

Coaches Lawson and Eberly hold trophy won by the 1959 all-conference team. Both hope that the 1960 season will prove as rewarding. With only four returning lettermen (Frank Keilman, Bill Parsons, Andy Hlebasko, and Oz Kilander), the emphasis this year will be on rebuilding. The underclassmen, however, show willingness to learn and determination to win.

## *Indians Place 12th In State*

LEFT to RIGHT: Jerry Hilbrich, Dick Gerlach, Marvin Hanson, and Frank Stark.

Coach Iaconetti

For the third straight year, Dyer Central had one of the best golf teams in the state. The Indians won their second consecutive Calumet Conference Championship and, by placing second in the sectional at La Porte, they earned a berth in the state finals at Coffin Country Club in Indianapolis. The boys had a team total of 343, led by Jerry Hilbrich's low score of 80. With Dick Gerlach shooting a very respectable score of 80 on the tough Coffin course, the Indians finished 12th in the state. The boys record for the past three seasons is 55-11.

Returning for their fourth year of varsity competition are Gerlach, Hilbrich, and another excellent player, Frank Stark, while Marvin Hanson, a junior, will be participating for his third straight year.

## *Practice Makes Perfect*

Marvin Hanson watches as Dick Gerlach knocks in a long putt. The boys get in as much practice as possible and spend most of their spare time on the golf course. Both boys like the game and have become very good at it. This is the last year that Gerlach will participate while Hanson has one more year of eligibility.

Dyer's big four finish practice round on the 18th hole.

Jerry Hilrich and Frank Stark prepare to tee off on the first hole at Lake Hills. Both boys have played varsity since their freshman year and will be playing for their final year.

Coach Tennant

## Indians Capture Crown

Cross Country was organized at Dyer Central only two years ago, but under the guidance of coach John Tennant the team won the Calumet Conference with ease. The Indians then traveled to Crestmore Country Club for the sectional meet, and placed 7th out of 26 teams, which included Michigan City, La Porte, and Valparaiso. The seasons final record was 8-1.

Good balance, with emphasis on teamwork instead of stardom, was responsible for our success. Charles Palm made the best time for the year with a respectable 10' 30" for the two mile course. As most of the team members were underclassmen, next year's season should repeat this year's success.

KNEELING: Steve Arndt, Jim Campbell, Charles Palm, Doyne Cole, Bob Kelsey, and Dave Robinson, SECOND ROW: Mike Delinck, Dean Dunning, Newell Easley, Tom

Brush, THIRD ROW: Rick Rozhan, Pat Gibson, Bob Burish, Jerry Dust, Reed Mathews, and Pat Vrabel.

## Thinclads Gain Experience

TOP ROW: Ed Koch, John Blaskovich, Steve Stephen, Dale Hinkel, Jim Austgen, Mike Yokubaitis, Tom Kelly, Dean Dunning. SECOND ROW: Rich Snearly, Bill Noble, Al Evans, Bill Rosenwinkel, Charles Palm, Doynce Cole,

Irvan Thornberry. THIRD ROW: Pete Elder, Ron Graham, Dave Robinson, Jr. Ruiz, Stan Edwards, Al Yelich. BOTTOM ROW: Don Butler, Ray Stout, Larry Hammond, Bob Apple, and Bruce Fane.

Dyer Central's track program went into full swing during the spring of 1959, with the Dyer thinclads competing in 7 varsity meets and 2 reserve meets, plus the Hobart frosh-soph invitational track meet. Approximately 45 boys participated, and close to 40 received ribbons for their performances in the above meets. Our varsity team finished 7th in the conference, the reserve team 3rd, only 4 points behind the winner, and the freshmen finished a strong 2nd with only 2 points separating them from the champion team.

Boys receiving major letters for their performance in the 1959 season were Al Evans, Charles Palm, Bill Noble, Larry Hammond, Jim Austgen, Doynce Cole, Jr. Ruiz, Dave Robinson and Ray Stout. At right are coaches Tennant and Hayes with Al Evans, top scorer.

## Dyer's First Mat Squad

STANDING: Bob Slingerland, Frank Keilman, Norbert Piepho, Bruce Ross, Charles Palm, Larry Newlin, Tom Moriarty, Dave Allen, and Ron Graham. KNEELING: Chuck Thomas, Carl Spinozzi,

Co-captains Dale Hinkel and Chuck Thomas with Coach Leslie Milby.

Although the wrestling team is in its first year of varsity competition, the Dyer Central mat men proved that they were to be reckoned with. Led by co-captains Dale Hinkel and Chuck Thomas, the team showed steady improvement.

With Dale Hinkel winning the conference championship in the 133 pound weight class, the boys placed fifth in the conference.

## *Tumbling Team Makes Debut*

KNEELING: Sig Toth, Jack Tewell, Dale Hinkel, and Tom Patterson. STANDING: Larry Ham-

mond, Al Wilcher, Don McBee, Ray Stout, and coach Paul Hayes.

Not yet competitive, the tumbling team is actually a gymnastics group, used for exhibitional purposes, such as half-time entertainment at basketball games. Although gymnastics and tumbling are not considered major or minor sports, meets are being planned with such schools as Hammond Tech, Clark, Morton, and Thorton Fractional North and South.

In the picture at the right, Tom Patterson, Larry Hammond, and Jack Tewell watch as Dale Hinkel demonstrates techniques he has learned as a member of the team.

The senior year means remembering as well as doing . . . . . remembering the dreamy music at the prom, the frantic screaming and yelling at football and basketball games, the good-natured chatter and laughter at parties, and the sounds of general chaos in the halls as classes pass. Seniors, however, contribute many of their own sounds to the school. Among these sounds are the jingling of money in the senior can, the rehearsal of speeches for commencement, and the saying of reluctant goodbyes. These seniors, who will soon be entering a new and exciting world, are shown here as . . . . .

Martha Grove, valedictorian, will deliver the Commencement address at our graduation ceremonies. She is president of the Lake County Girls' Conference to be held at Dyer this year, is a cadet teacher, and is active in many clubs. Marty also went on the UN-Washington trip.

Salutatorian Suzette Brace also won the Thom McAn Leadership Award for her composition on Why I Want to Go to College. She was one of Dyer's two delegates on the Washington-New York Trip.

## Senior Honors

Lynne Hilbrich, recipient of the DAR Good Citizen's Award.

National Merit Scholarship finalists Diane Wood and Dennis Robison may be winners of scholarships ranging from \$100 to full expense at the colleges of their choice.

(left) Carol Jean Mager, winner of the Betty Crocker award for Homemaker of Tomorrow.

(right) Senior class officers: Ron Graham, pres.; Pat Herman, sec'y.; Terri Miller, v-pres.; Jan Czech, treas.; and Mr. Lawson, sponsor.

# *Dyer Central Sounds Off Through Its Underclassmen*

With their eagerness to learn and their talent for mischief, underclassmen display boundless enthusiasm as they rush from class to class. Listen to the freshmen discussing their new type of school life, asking countless questions, and even complaining. Hearken to the sophomores as they anticipate the arrival of their recently ordered class sweaters, or to the juniors, still oohing and aahing about their class rings and whispering in hush-hush tones about the prom. Whether protesting or praising, the underclassmen are extremely important students . . . . . they are the workers, followers, and, most of all, supporters of our school .

STRAINING FOR AN EDUCATION, Newell Easley makes use of the reference files in our well-equipped library.

Sounds are as ever present in the commercial world as they are in our everyday school world. Name brands, jingles, and slogans are being discussed everywhere . . . . . from the high geared sales pitch of the trained salesmen right down to the ordinary talk of friends and neighbors. These sounds are a symbol of the commercial world in which we live, and many of them play an important part in our school life. For this reason . . . . .

## what's their future

The young people you see in these pictures are all on their way to successful careers in one of America's basic industries . . . steel. They decided (as we hope you will decide) to let Inland Steel Company help them plan their future.

Some are gaining knowledge and experience in special trades to become journeyman machinists, carpenters or electricians . . . some are concentrating on certain phases of steelmaking by working in the open hearth shops, the cold rolling mills or the galvanizing lines. Still others are working in laboratories building

a sound foundation for a future in steel research.

Inland offers the high school graduate an excellent opportunity to further his education. Employees may participate in a variety of on-the-job training programs, or they can continue their formal education by registering for evening courses offered by local Purdue and Indiana University Extension Centers.

Plan now to investigate the unlimited opportunities for you in steel . . . with the midwest's own steel company . . . INLAND STEEL.

At long last the book is finished;  
 the job is completed.  
 But we three realize  
 that none of this would have  
 been possible without  
 the diligence of our staff,  
 the skill of the Root photographers  
 and the co-operation  
 of the faculty. All of these  
 were indispensable  
 to our recording  
 the events of the year as  
 DYER CENTRAL SOUNDS OFF THROUGH  
 THE 1960 ECHO.
